Pomona Grange.

Bedford County Pomona Grange, will meet in the auditorium of the Trust Co. Building, at Bedford, March 2, at 10.30 a. m. sharp.

County Deputy, J. C. Roberts will explain the unwritten work of the Grange. You will appreciate hearing the interesting things which he will tell us in a way that will please and entertain all. Master and other officers of the subordinate granges should be present.

E. K. Hibbsman, State Leader of County Farm Advisers will explain in the afternoon the advantages of establishing a Farm Bureau in this county, and how it can be done. 22 counties in Pennsylvania already have Farm Advisers and 14 more counties have applied for them. Are you interested? Do you want this service? Will you be present to have your say? This is an opportunity which should be taken advantage of. Old Mother Bedford should wake up and make application for a County Farm Bureau as 36 other counties have done and others are preparing to do; we must get a move on or fall to the rear.

Important questions will be discussed—Should Farmers be taxed for so-called Preparedness? Is the Compensation Law a good one? &c. Complete plans for the apple canning will be discussed also. Lime vs Commercial fertilizers; the Keystone Exchange; Should Women have the Right of Suffrage? Free picture show at Kaufman's movies, 6.30 p. m. (Get tickets from Secretary.)

Evening Session.

Musical, F. Sammel, Pomona, Planning the years work (a) in the grange, (b) subordinate granges, (c) on the farm, (d) in the home, (e) J. Shaffer and others. Recitations and Readings, Miss Vesta Brightbill, Miss Ruth Ling, Conferring the Fifth Degree. A. J. Shaffer.

Mrs. Frederick A. Sellers.

Mrs. Frederick A. Sellers, died at her home at Mann's Choice, Pa., on Wednesday, February 16, of pneumonia, aged 75 years, 5 months and 1 day. She was a daughter of John and Margaret Gregory Blankley, of Clearville, Pa. She is survived by her husband, and the following children: George Sellers of Worthington, Minn.; Mrs. B. F. Smith, of Bedford; Mrs. L. G. Sturtz, of Glenn Allen, Va.; Mrs. Geo. Abington, of Neelyville, Mo.; John Sellers, of Pittsburg, and Mrs. C. V. Dillard, at home and one sister, Mrs. Frank Leonard, of Belden, Pa. Mrs. Sellers was a member of Grace Reformed church, of Mann's Choice for a number of years. The funeral services were conducted by her pastor, Rev. A. J. Miller, on Friday afternoon. Interment was made in Mt. Olivet cemetery.

Mrs. Sellers was a patient sufferer for many years and in her death the home has lost a faithful wife and devoted mother, the community a good neighbor and a true friend.

Common School Examination.

For admission to this examination pupils must send a written application and a recommendation signed by their teacher to the office of the County Superintendent on or before March 10, 1916.

Lipsumas will be granted to those who pass the examination providing they are fifteen years of age or over. No diploma will be granted to pupils under fifteen years of age, but a High School entrance certificate will be granted to those who pass the examination upon promise to enter a high school at the opening of the school term in 1916. The age of the pupil should be given in the application.

The applicant will be examined in the following subjects: penmanship, reading, writing, spelling, written arithmetic, mental arithmetic, grammar, geography, history, and psychology. Algebra and civil government are not required. These subjects may be taken in any order. The examination will be held on or before the above date.

Teachers should not recommend pupils for examination who have not a reasonable chance of passing it. Pupils should be taught how to prepare a good manuscript. We do not feel that we are justified in granting a diploma to a pupil who cannot write legibly, express himself clearly, and arrange a neat and accurate manuscript.

Special stress should be placed on grammar composition, arithmetic, orthography (including diacritical marks), reading and writing. The pupil should be well versed in these branches.

The places and dates of holding this examination and also the names of the examiners will be announced on March 17, 1916.

Respectfully submitted, Lloyd H. Hinkle, County Superintendent.

Reception at D. O. Smith's Restaurant.

The opportunity to hear Mr. Hibbsman's explanation and story of the county agent movement in Pennsylvania; the chance to learn the unwritten work of the Grange; a full report of definite progress in the apple canning project; all those bid fair to make this Pomona the most interesting as well as the most important ever held in Bedford.

It behooves every patron who is interested in Agriculture to be present and use his influence to advance the cause of agriculture in Bedford County.

A. J. Shaffer, Secretary.

WILFRED A. JOUBERT.

At the Boston Art Club there is a precedent that no lecture can continue beyond the hour of 9 p. m. Wilfred A. Joubert on the occasion of his lecture, there on "Mexico" was introduced at 8.20 and at 9 was in the midst of his address. He prepared to close, but a roar went up over the hall, and he finished at 9.40 with encouragement to proceed further. The audience was composed largely of men of big affairs, and at the close of the lecture Mr. Jov

REPUBLICAN HARMONY

A GREAT FIZZLE

Brumbaughites Turning Out Penrose Boosters.

A Battle Royal Anticipated to Control National Delegates and Party Nominees.

The Brumbaugh State government is issuing orders to get control of the State delegates to the National Convention to be held in Chicago in June and in order to do this, it isousting all the Penrosites and appointing all Reynoldsites.

The first move made was to appoint Henry McElwee, County Game Protector from Broad Top and then followed this by appointing William Lauder of the same township to a \$4,000 job who in turn from all accounts from that region must have gotten his son as some kind of mine inspector at a lucrative job for an inexperienced boy and last but not least, Mr. George Helsel of Bedford township was relieved of his job, which was filled by the appointment of Van Thomas of Broad Top region also. Broad Top seems to be getting its share of the appointments. No body else seems to be in line for any of them. All the rest of the county is deserted. Well, maybe Reynolds expects to be a candidate for Congress and thinks that all the other sections will be for him and that Broad Top needs some recruiting Dr. W. C. Miller was given leave of absence, but the doctor down and pleaded for dear life and he was reinstated. In two years he will have to plead again.

The Brumbaughites expect to open fire against the Penrosites by supporting Speaker Ambler for Auditor General, as against Charles A. Snyder, of "Pickle Commission" fame. There is also a strong likelihood of a double contingent for National delegates, proclaiming against Roosevelt or for him.

The Penrose followers expect to run a favorite son to prevent any progressive sentiment being expressed through the primaries. This action is seen in nearly all the states, since Massachusetts wants to instruct for Governor McCall, New York goes uncommitted and Ohio, Indiana and Illinois, very progressive states are advocating favorite sons. This is a very favorite trick of the G. O. P. and is shaping itself to be practiced in Pennsylvania.

To the Democratic Electors of Penna. February 21, 1916.—As Chairman of the Democratic State Committee, I hereby announce that the Democrats of Pennsylvania, in accordance with the provisions of the Uniform Primaries Act of 1913, will nominate at the Spring Primary Election, to be held on Tuesday, May 16, 1916, candidates for the following named offices:

One person for the office of United States Senator. Four persons for the office of Congressmen-at-Large. One person for the office of Auditor-General. One person for the office of State Treasurer.

And will also elect one person for member of the Democratic National Committee and twelve (12) Delegates and twelve (12) Alternate Delegates at Large to the Democratic National Convention, to be held in St. Louis, Mo., on June 14, 1916.

Nominating petitions for any of these offices will be furnished upon application to the Secretary of the Commonwealth, Harrisburg, Pa.

Roland S. Morris, Chairman.

Educational Meeting.

An Educational meeting will be held at Hyndman, on Saturday, February 26. There will be two sessions, afternoon and evening. The first session will be held in the High School room, at 1.30 p. m. The speaker for this session are Prof. C. P. Shriver, Prin. Hyndman Schools, Prof. D. Metzger, Asst. County Superintendent, Mr. M. H. Kramer, Director and Prof. L. H. Hinkle, County Superintendent.

Question of vital importance to our educational interests will be discussed and every patron of the school is especially urged to attend this meeting. Special music has also been prepared.

The evening session will be held in the Reformed Church at 7.30 p. m. At this time a brief address will be given by Prof. Hinkle; this will be followed by a vocal solo by Prof. Shriver. Rev. A. J. Herman, pastor of the Reformed church will then give an illustrated lecture on "Rome, A World Power in Ancient Times". Everybody is cordially invited to attend these meetings.

Grange Notes.

Imler Grange, No. 1655 met in their hall on Thursday evening, February 17, with 40 rural folks present. Ice cream, cake and coffee were served to all and speeches made by Bros. J. C. Roberts, and L. H. Imler. Both were appreciated very much as was the music furnished by Bros. D. P. Bittinger and W. P. Griffith, on their violins. Much interest is being manifested by this Grange, which was started last May and meets every Wednesday night.

S. C. Exline, Secretary.

St. John's Reformed Church.

J. Albert Eyer, Pastor. The sermon at St. John's Reformed Church on next Sunday morning, will be the sixth of the series of special sermons which the pastor, Rev. J. Albert Eyer, is preaching upon the general subject: "The Ten Commandments Up to date". The subject Sunday morning will be the 7th Commandment—"Thou shalt not commit adultery". At 7.30 p. m., the 8th Commandment—"Thou shalt not steal". You are invited.

A bad back isn't a bad thing if it serves as a warning of hidden kidney disorders. Kidney diseases are frightfully common today. We over-do so much. We don't give the kidneys a chance to rest up, and while a bad back, some urinary disorder, and occasional dizzy spell or a persistent headache may be the only outward sign, the kidney trouble that is behind it all may be overlooked or neglected. Put your signs to use. Take them as warnings. Fight off

Miss Susie Fletcher, 113 W. Penn St., Bedford, says: "I suffered from a severe case of kidney complaint. I had heavy, dull aches in my back and side, so that I was unable to bend over or lift. These troubles bothered me more severely when I caught a cold. I used Doan's Kidney Pills, procured from Dull's Drug Store, and soon got relief."

The above statement must carry conviction to the mind of every reader. Don't simply ask for a kidney remedy—ask distinctly for **Doan's Kidney Pills**, the same that Miss Fletcher had—the remedy backed by home testimony. 50c all stores. Foster-Milburn Co., Props., Buffalo, N. Y.

A New Model Typewriter!

The **OLIVER** 9
The Standard Visible Writer

BUY IT NOW!

Yes, the crowning typewriter triumph *is here!*

It is just out---and comes years before experts expected it. For makers have striven a life-time to attain this ideal machine. And Oliver has won again, as we scored when we gave the world its first visible writing.

There is truly no other typewriter on earth like this new Oliver "9." Think of touch so light that the tread of a kitten will run the keys!

CAUTION!

The new day advances that come alone on this machine are controlled by Oliver. Even our own previous models---famous in their day---never had the Optional Duplex Shift.

It puts the whole control of 54 letters and characters in the little fingers of the right and left hands. And it lets you write them all with only 28 keys, the least to operate of any standard typewriter made.

Thus writers of all other machines can immediately run the Oliver Number "9" with more speed and greater ease.

WARNING!

This brilliant new Oliver comes at the old-time price. It costs no more than lesser makes---now out-of-date when compared with this discovery.

For while the Oliver's splendid new features are costly---we have equalized the added expense to us by simplifying construction.

Resolve right now to see this great achievement before you spend a dollar for any typewriter. If you are using some other make you will want to see how much more this one does.

If you are using an Oliver, it naturally follows that you want the finest model.

17 CENTS A DAY!

Remember this brand-new Oliver "9" is the greatest value ever given in a typewriter. It has all our previous special inventions---visible writing, automatic spacer, 6½ ounce touch---plus the Optional Duplex Shift, Selective Color Attachment and all these other new-day features.

Yet we have decided to sell it to everyone everywhere on our famous payment plan---17 cents a day! Now every user can easily afford to have the world's crack visible writer, with the famous PRINTYPE, that writes like print, included FREE if desired.

TODAY---Write For Full Details and be among the first to know about this marvel of writing machines. See why typists, employers, and individuals everywhere are flocking to the Oliver. Just mail a postal at once. No obligation. It's a pleasure for us to tell you about it.

LETTE" OFFERS
ADVICE TO BOYS

Because the boy of twelve to eighteen years is inexperienced, he does not welcome advice, and if he knew I am, he probably would form his own opinion of me at once—that I am old fossil, "butting" into other people's business. However, I am going to give him some advice in this matter. If he accepts it, sometime, perhaps, he will remember the Bed-Gazette and thank me for it. If he doesn't accept it, the loss is his.

The boy who is noisy and impolite in the streets is making a mistake. He may work himself up to a position of high-standing among his companions—he may be-

come the "bully of the bunch," but that position is not worth striving for. In fact, it is one to be avoided.

The business men of the town are watching you, young man and it is to your interest, more by far, to court their esteem than that of your pals. You are growing into manhood, rapidly. Soon you will be wanting employment. Your conduct today determines your chances of the future.

If we could read their minds, there are no doubt several business men in town this very day who are needing a boy and who are wondering what boy in town is worthy of his trust. You may be too young for the position, now, but such oppor-

tunities always will be open. It remains only for you to guard your character and reputation that men may have confidence in you when your time comes. Men like a gentlemanly boy. You don't need to be a "sissy," but you must not be rude. Have all the fun you want, but make sure that your ideas of fun are not offensive to someone else. Try to keep always in mind that you are a boy and that older people really do know what is best. Respect their desires, acquire all the education you can get, and your opportunity will come.

THE GREATEST OFFER

The Bedford Gazette and a set of Pure Aluminum COMBINATION COOKING UTENSILS

The Set Consists of
One Six Quart Berlin Kettle with Safety Cover to Prevent Boiling Over.
One Two and One-Half Quart Pudding Pan.
One Two and One-Half Quart Colander and Strainer.

The peculiar construction of these utensils enables the housewife, by using them singly, and in combination with one another, to make up the following utensils:

Six quart Berlin Kettle with safety insert cover. The pudding pan inserted, produces a 2 1-2 quart double boiler, superior to all others, because the boiler part is entirely submerged in the hot water, and the contents cooked more quickly.

Invert the pudding pan and place on top of kettle to produce self-basting roaster, which will roast meat on top of stove, with flame turned to one-third usual volume, retaining all original flavor and making it exquisitely tender.

Insert the colander in the kettle and cover with pudding pan to produce a regular 5-quart steam cooker.

This is the most practical cooking set that has been placed on the market, as each of the different articles used in its composition is complete in itself, and any housewife that has ever used one, will gladly add her testimonial.

Builds Up "Worn-Out" Farm.

Is intelligent farm management worth while? In Broome County, New York, a man two years ago bought a "worn-out" farm of 95 acres for \$16.32 per acre, and in two years made it pay 32 percent on the investment. In addition he increased the market value of the farm several times. The purchaser engaged a tenant to live on the farm and work under his direction. The land had been cropped continuously for a number of years to hay and buckwheat and as a result the soil was in poor physical condition and lacked productiveness.

The first year the yield of potatoes from four acres was 90 bushels per acre. The next year the yield was 150 bushels per acre. Commercial fertilizer was relied upon both seasons to supply plant food. Lime and fertilizer were used in raising buckwheat and oats and the yields raised materially in the two years. The owner pastured ten head of young cattle and renovated an old orchard on the farm. In addition to the net returns of \$694.60 to the owner, the tenant and his family made a comfortable living. His share of the field crops was worth over \$500 the second year, while four cows that were kept assisted in the support of his family.

Woman's Suffrage Not Losing Out, But Gaining.

Washington, D. C., Feb. 21.—That the cause of women suffrage will not suffer because of the action of the House Judiciary Committee in voting to postpone until next December the consideration of the Susan B. Anthony Amendment, is the opinion of Mrs. Frank M. Roessing, first vice-president of the National Woman Suffrage Association who is in charge of Congressional work.

"It is necessary to understand," said Mrs. Roessing, "that we want not merely a VOTE on the matter both in Committee and in Congress. We want a favorable vote. So the Congressional Committee has already taken steps leading toward a reconsideration of the action to postpone. Postponement by Committee is not defeat of woman suffrage, and it must also be emphasized that there were votes enough in that particular meeting of the Judiciary Committee, when at least four of our best friends were unable to be present, to have buried our amendment for two years, instead of simply delaying action. Truly it speaks volumes for our cause and its strength when Congressmen openly opposed, refused to defeat it. In the mean time the National Association's policy is unchanged as to securing Congressional legislation for equal suffrage, and work both at Washington and in the states will be pushed with unabated vigor."

Intensive Methods Profitable in Chester County.

Chester County, Pennsylvania, is considered one of the best farmed counties in the United States. When the U. S. Department of Agriculture wanted to determine the value of intensive as compared with extensive farming, Chester County was selected. The survey shows that the crop yields produced by intensifying the farming process rises along with the labor income up to a certain point. Loss through intensiveness does not occur on many Chester County farms. Most of the losses arise from too small yields. The survey also shows that crop yields may be increased by intensive methods to a point about 40 per cent higher than the Chester County average before intensifying ceases to be profitable.

NO WINE FOR FANG.

Samuel S. Blythe, who told in a recent book how he went on the water wagon and stayed there, lately interviewed Wu Ting Fang, in Shanghai, and told about that in The Saturday Evening Post. He asked the Chinese statesman what he eats and, finally, what he drinks. "Do you take any wine?" inquired Mr. Blythe. Mr. Wu looked at him in amazement. "No!" he exclaimed. "Of course not! Wine is a poison. I occasionally drink a little grape juice, but no wine or any liquors."

PROVEN SWAMP-ROOT AIDS WEAK KIDNEYS

The symptoms of kidney and bladder trouble are often very distressing and leave the system in a run down condition. The kidneys seem to suffer most, as almost every victim complains of lame back and urinary troubles which should not be neglected, as these dangers signals often lead to dangerous kidney troubles.

Dr. Kilmer's Swamp-Root which soon heals and strengthens the kidneys is a splendid kidney, liver and bladder remedy, and, being an herbal compound, has a gentle healing effect on the kidneys, which is almost immediately noticed in most cases by those who use it.

A trial will convince anyone who may be in need of it. Better get a bottle from your nearest drug store, and start treatment at once.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention The Bedford Gazette.

Good Seed Needed for Better Farming

Poor seed cannot produce large crops of superior quality. No amount of strenuous work or expense can produce a good crop unless the seed are good. Census reports show a large difference between yields of standard farm crops in different states, where for example, varies in different states from yields of 7.2 bushels per acre to 27.9 bushels per acre average. Corn varies from 11.8 to 48.6 bushels per acre, and potatoes from 83 to 210.3 bushels per acre. Better seed will assist in raising the national yield higher than the average in most states, and contribute to greater farm prosperity.

WHAT WE THINK OF PURCHASING WATER METERS.

We forgot an item of expense last week in connection with the sale of our water works, which is very material to us. If we were to sell the plant to a syndicate, the syndicate in turn would exact about \$1200 to \$1500 a year from the borough for fire protection. The usual way to levy this, is to charge so much for each water plug, \$40 or \$50 each. So in the end we would still have to levy a tax of at least 2 mills to meet this requirement. This would force a toll for water service up to an average of 12 mills, more than double that we now pay. We suppose the better plan would be to keep the works under our own supervision.

ON-PARTISAN TARIFF COMMISSION NOT POSSIBLE.

the non-partisan feature of the
Pratt Commission is an impossibility.
There is not an individual in the
United States, as a citizen, who does
not have political bias, either of his
own volition or through the influence
or persuasion of another. To ap-
point a commission from the citizen-
ry of our country would necessi-
tate the predominance of one party or
the other no matter how much you
try to evade it in your own
mind. The only great body of the
United States government which is
supposed to be free from politics is
the Supreme Court and when a show
up comes on partisan lines they
are up to a man for their party.
Roosevelt, when he was president,
did appoint more Supreme Court
Justices possibly than any other pres-
ident in history, plied politics in
every appointment, nominating Republi-
cans right and left to suit his fancy.
You can imagine Roosevelt appoint-
ing a new partisan board if he had
the appointments to make, or who
would appoint an elective body to be
a "rocket" or "bullet"? Or, who could imagine
a board like Roosevelt being non-
partisan if he were to be appointed
to a chief board supposed to be of
no bias? His chief source of in-
formation would come from Perkins,
the Pratt advocate and benefi-
ciary of the United States. We believe
that the President Taft would come
out as a non-partisan member of
the National Union and he
would be surrounded with plenty
of "bullet" as was shown when
he was appointed under civil

HELIXVILLE

February 21, 1916.

Due to the inclement weather many citizens of our district could not attend Patrons' Day celebration in the school house last Friday. The pupils deserve praise for the exercises rendered. Those present from the district are as follows: Wm. Pence and wife, Hughy Mickle and wife, Wm. Moore and wife, Irvin Shaffer and wife, Mrs. Geo. B. Miller, Ralph Miller, Rose Ferguson, Lavera Finner, Kenneth Turner, Rebecca Miller, Mayme Null, Susie Perdue. Those from a distance were: Boyd Ling, Ira Kinzey and Roy Gindlesperger, all of Somersett County.

Rev. Winwood preached to a small congregation in the U. B. Church yesterday, the cause of which was a change in the hour of services. The next appointment will be announced later.

Henry Kinzey spent Sunday and Monday with home folks.

B. O. Miller returned last Friday night from Johnstown, where he had been spending a few days visiting relatives.

Miss Annie Null is very ill at this writing.

Morris Manges took a photograph of our school today.

Mrs. May Wilson is reported better but is still at the hospital.

John McKinney expects to move this week.

Test Your Seed Corn.

Test Your Seed Corn.

According to government bulletins the average ear of corn contains 700 grains. If this is planted and every grain that it sheds gives you 700 stalks of corn, if each stalk bears it should give at least one ear of corn. 700 ears of corn, 7 inches long would make 5 bushels. If it should sell at 50¢ per bushel, it would be worth \$2.50. Isn't it highly important that you test your seed corn before you plant it? To lose \$5.00 or \$6.00 per acre because the seed is no good is to lose all your profits. On 20 acres you would lose \$100.00 to \$120.00. It is just as easy to get the \$100 or more dollars extra as it is to lose it. It costs very little to test the good corn. You can test your seed corn now while the weather does not permit of much other work. Write to the government and learn how to do it.

POINT

February 21, 1916.

The entertainment held in the Point school house, taught by Miss Sarah Blackburn, was a complete success. There were twelve visitors, all patrons of the school, as follows: Messrs R. C. Smith, T. R. Studebaker, J. M. Cable, Mesdames Geo. Griffith, John Horner, J. M. Cable, H. S. McCreary, Misses Mary Studebaker, Myrtle Cable, Ellen Blackburn, Paul Studebaker, and Master Nason McCreary. Very interesting talks were given by Mr. Studebaker, Mr. Smith, and Mr. Cable. We are hoping that more of the citizens will get interested in school work.

George A. Dull, wife and two children, from near Pleasantville, were guests of Mrs. Dull's parents, Mr. and Mrs. Asa Shaffer, one day last week. Miss Margaret Shaffer accompanied them to their home. Mr. and Mrs. Dull will move from Doctor Shimer's farm to a farm at Flowing Springs, in Blair County, about nine miles east of Hollidaysburg this week.

Peter B. Smith made a business trip to Rossville recently.

James Crawford of Schellsburg was a Point visitor on Saturday.

H. S. McCreary visited his sister, Mrs. Lusy Blattenberger at Fishertown on Sunday.

Harry Otto of Spring Hope is putting up a new porch and doing some other repairing work for John Horner.

The VICTOR was awarded The Grand Prize for Tone, Quality And 21 Other Grand Prizes at The Panama-Pacific Exposition.

The officials of the Panama-Pacific International Exposition had before them all of the American-made talking machines at the time they awarded their prizes for excellence in various points.

Here and there were found machines which could give in some one feature a standard that approached the corresponding feature in the Victor machine. These few machines of makes other than the Victor received several prizes—one given to this machine, another to that.

But the Victor was awarded 22 Grand Prizes—not merely on a single feature did the Victor excel, but in 22 features it excelled all its rivals.

Please note that the Grand Prize is the Highest possible award given at the Exposition; the next is the Medal of Honor; third, Gold Medal; fourth, Silver Medal.

The Victor was awarded 14 highest honors from the Liberal Arts Division, and 8 highest possible awards from the Educational Division.

So, when you hear of an imitator of the Victor Talking Machine advancing its single honor won at the Panama-Pacific Exposition just remember that the Victor was awarded 22 Grand Prizes.

Every farmer has private documents which it would trouble him much to lose—the deed to his farm, abstracts, tax receipts, other receipts, canceled checks, fire and life insurance policies, receipts for insurance premiums, notes, mortgages, leases, contracts, bonds, certificates of deposit, pension papers, private correspondence, savings pass-books, marriage certificates or securities of any nature.

Are they protected from fire, loss, burglary or prying eyes?

Is there a place in the farm house where they are absolutely safe?

This bank will be glad to have farmers call and be shown the safeguards which are offered in its safe deposit vault. The cost of a private box is moderate—less than ten cents a week—and every farmer needs one.

Little Talks on Health and Hygiene
by Samuel G. Dixon, M. D., LL. D.
Commissioner of Health.

Individual illness places a tax upon the entire community. The prolonged sickness of wage earners is apt to result in poverty for themselves and their families. Indigency and crime itself are often lurking in the trail of disease.

National efficiency must rest upon the sound foundation of health. The reduction of sickness and death from preventable disease should be the first step in our preparation for self-defense. Lord Beaconsfield said, "The public health is the foundation on which reposes the happiness of the people and the power of a country. The care of the public health is the first duty of a statesman."

In some states in the Union there has been an increasing percentage of dependents as they have become more thickly populated. In addition to the enormous losses from death due to preventable disease when health laws are not enforced, there is a tremendous annual expenditure necessitated by this growing number of those who are unable to bear their part in the world's work.

The insane, the feeble-minded, the consumptive and the pauper are a heavy burden upon the tax payer

Provisions and expenditures which will aid in the reduction of those things which sap the vitality of the Nation, will aid in preventing the increased taxation for the support of the growing army of the unfit.

THE AMERICAN TOBACCO COMPANY

WASHINGTON LETTER

Interesting Notes From Our Correspondent at National Capital.

Washington, D. C. Feb. 15, 1916.
To future developments will be left the determination of what action the United States will take upon the announcement from the Teutonic allies that armed merchantmen, beginning March 1, will be subjected to submarine attacks without warning. The United States, admittedly, has found itself to be in a delicate position as the result of its recent memorandum to the belligerent powers, suggesting the disarmament of all merchant vessels upon agreement that they will not be attacked, by hostile war craft. While the formal notifications from Germany and Austria may be considered sufficient warning to Americans from engaging message on armed merchant ships, it how the attention of Americans Europe could be brought to the fact has not been determined.

Interference with American trade and mails by Great Britain and her allies was the subject of a conference by President Wilson and Henry Van Dyke, American minister at The Hague, who is now in Washington. Official circles there has long been feeling that Great Britain and her allies recently her allies have been tightening their grip on neutral trade, throwing one obstacle after another in the way of neutral commerce, which should be substantially free from interference. That the United States and other neutral countries have many scores to settle on this account is undoubted. Considerable doubt exists as to how far Congress can go in extending national control over the militia under the Constitution. The national guard cannot be used outside the borders of the United States; but the men composing it are expected to volunteer for the regular army even though they have never had real Federal recognition in times of peace.

Secretary Garrison's chief objection to the abandonment of the continental army plan was that real Federal control of the national guard is impossible. In the opinion of administration leaders, Mr. Garrison's resignation as Secretary of War has had far reaching results in bringing Congress and the President closer together than they have been for many months upon the two important is-

ssues—national defence and Philippine independence. Work has begun on the preparation of a plan of federalization of the national guard to create a reserve defensive force for the nation. The prospects of complete Philippine independence in four years has been enhanced.

A compilation of bills introduced in Congress for one-cent postage on "drop letters" in cities for local delivery shows that fifty-two such bills have been introduced. The lower letter rate movement is non-partisan and has the support of more than 200 national associations of business men. Postal experts claim that increased volume of mail would be more than double, thereby taking care of any possible loss in revenue.

District of Columbia day in Congress resulted in the passage of five District bills without a dissenting vote, among which were the "fake advertising bill" to prohibit fraudulent advertising in the District and the bill emancipating about 4,000 delinquent children found guilty in the juvenile courts from disabilities of citizenship.

Coincident with exercises in commemoration of Lincoln's birthday, and the celebrations of Saint Valentine's day, Washington experienced the coldest spell of the winter, pre-faced by a storm of sleet and snow. The thermometer hovered in the neighborhood of zero for several days. Despite the severe cold weather, there is scarcely any ice upon the Potomac River, owing to the very warm weather of the last few weeks.

For the followers of the social whirl the days preceding the Lenten season are crowded with official activities. Scarcely an evening remains unmarked by some stately and dignified function, which include the White House receptions for the members of Congress and in honor of the Army and Navy.

From Washington, D. C., Submarine, Foreign, Tariff, Commissions, Popular Dines.

Washington, D. C., Feb. 21, 1916.
The submarine situation, with its new developments, is again up in the air. Germany's announced intention of destroying without warning armed merchant ships of her enemies was regarded as the cause. It is considered certain that the question of defining defensive armament will be the basis of lengthy negotiations with the central powers.

Information concerning inner jeal-

ousies of the Berlin court has come to Washington, that the efforts of Count von Bernstorff toward maintaining good relations with the United States have been nullified by his rivals at home interposing objections to such concessions as the Ambassador asks Berlin to make in the interest of harmony.

Administration leaders have been greatly encouraged in the past few days by the indorsement given by "big business" to the tariff commission plans. The prospects for the early establishment of such a commission has considerably brightened with the statement that there is nothing in the plans to prevent immediate changes in schedules where industries require.

A huge pile of commissions upon Secretary Tumulty's desk, awaiting signature by the President, brought out the fact that during this week President Wilson has signed about 1,500 commissions and letters. In a year the President signs his name about 50,000 times, and he consumes an average of six seconds for each signature. Upward and downward and lengthwise, it is estimated that the President's right hand moves at least eight and one-third miles during a year in the one job of signing his name.

Vice President Marshall is the most popular diner-out in Washington. This is partly because every hostess feels that it sets off a dinner party to have a Vice President in its midst, but more because Mr. Marshall is good company and never fails to keep the guests amused with his merry quips and little snappy bits of Indiana philosophy. One important difference between inviting the Vice President to dinner and inviting the President, is noticeable. It is not good etiquette to ask the President without a list of guests accompanying the invitation, but with a mere Vice President, it is different; he must just take his chances.

INTERNATIONAL SUNDAY SCHOOL LESSON

(By E. O. SELLERS, Acting Director of Sunday School Course, Moody Bible Institute.)
(Copyright, 1916, Western Newspaper Union.)

LESSON FOR FEBRUARY 27

THE SEVEN HELPERS.

LESSON TEXT—Acts 6.
GOLDEN TEXT—Bear ye one another's burdens, and so fulfill the law of Christ.—Gal. 6:2.

It would be a source of great blessing if every teacher and scholar would read through the book of Acts several times during the year. Such reading will give vision, inspiration and a more comprehensive idea of the continuation of what Jesus "began" and which record is not yet fully written. The time of this lesson is about A. D. 35, though Ramsey places it at 32, 33; and the place, the city of Jerusalem.

I. The Occasion, vv. 1-2. For a time the preaching of the Gospel of Jesus continued in Jerusalem, but soon the pressure of circumstances thrust it forth as prophesied (1:8). There were two groups of men in the early church: those who had been born in Judea who spoke Hebrew (Aramaic), and those born in foreign cities and who spoke the Greek language. Trouble arose over the distribution of funds among certain of the dependent widows—the text suggests "secret displeasure." There was imperfection, selfishness, suspicion and jealousy in that early church.

II. The Method, vv. 3, 4. It does not appear that God gave the church a cut and dried program according to which it must act. Certainly the church had no precedent to follow, and step by step God was developing it. This lesson gives us a suggestion of those steps: (1) As the occasion demanded, (2) The Apostles refused to diminish their praying and preaching, literally it was "not pleasing" to God for the Apostles to "serve tables." Such work must be done, certainly, but it was not to be done by these God-appointed and selected leaders, their duty was clearly stated. The minister's business is praying and ministering the word. These things should fully engage his attention, and in them he is "to continue steadfastly." The minister cannot manifestly "know more about books than the schoolteacher; more about politics than the politician; more about medicine than the doctor; more about psychology than the college professor." No, that is out of the question, though he should be intelligent in these lines. But he should be pre-eminent in prayer and in the ministry of the word, and furthermore he should preach that word pre-eminent. (3) The church, not the apostles, must needs select these new officials. (4) The qualifications of these men, who were thus to care for these temporal affairs, were (a) "men of good report," not those bearing doubtful reputations, nor chosen because they were rich or shrewd in business. (b) "full of the spirit." It demands the Spirit-filled man to look after financial affairs as certainly as it does to teach or preach the word. (c) "full of wisdom." Men of common sense, a quality often sadly lacking among spiritually-minded men. Men meeting such qualifications will be men of "the spirit of power, of love, and of a sound mind" (literally sound sense). (II Tim. 1:7).

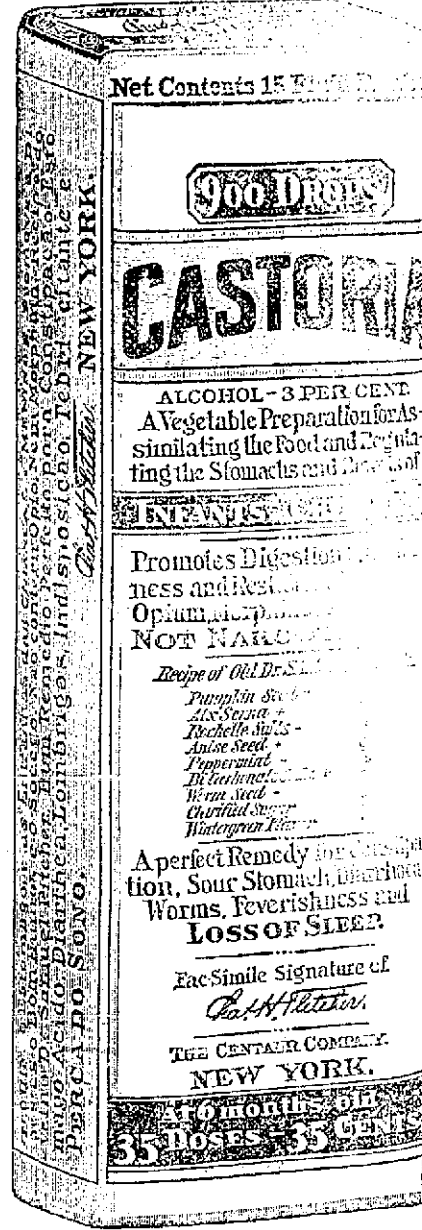

III. The Method of Choosing, vv. 5, 6. (1) The people did the choosing. The early church seems to have been remarkably democratic. (2) The choice was made after, and not before, prayer had been offered. This is a suggestion and a warning for present-day practice of choosing church officials. (3) It was a legal selection, not the selection of a minority, and it was confirmed by the laying on of the hands of the apostles.

IV. The Result, vv. 7, 8. First of all upon the people. (1) The word "increased." (2) The number of disciples "multiplied greatly," and (3) Some of the priests of the Jews were "obedient to the faith." Secondly, the result in the lives of the thus chosen and Spirit-anointed men gave evidence of the good hand of God. They were "full of grace" (Eph. 4:9, Acts 15:15); they were "full of power" (1:8). The first two of them soon became great and mighty preachers as well. Indeed as far as we can read they even outstripped the apostles themselves in real achievement for God. Stephen, of course, stands out pre-eminent. His character is suggested in verse eight. He was (a) "full of faith," (b) "full of the Holy Spirit," (c) "full of grace" (R. V.), (d) "full of power." How sad it is that so frequently our churches fail to make a wise and spirit-led choice of its leaders, and are content with few, or perhaps none, being added to its membership.

No man is fit to be an officer in the church of Christ unless he is filled with the Holy Spirit, (Acts 1:8, Luke 24:49).

Such a man will always stir up opposition of the powers of evil, even as did Stephen.

Those who opposed Stephen were moral and religious men (v. 9). Frequently the opposition a Spirit-filled man encounters is not from the immoral, the worldly, or the utterly ungodly; but those who stand out against him, and reason against him (v. 10), and often seek to kill him, are moral and religious men.

PREPAREDNESS A SLOGAN.

The three great political parties have adopted the slogan of Preparedness for their campaign issue. Since President Wilson made his trip through the Middle West and explained his position to the people of that section, appeals have come into Washington in all kinds of forms, by telegrams, telephones, persons, representatives petitions and correspondence demanding that congressmen vote for "adequate preparedness" to the result that nearly all have come across and will support the President in views on this subject. There were many congressmen at first who were determined to fight the President on this issue but they have now dwindled down to a narrow margin of seventeen "last ditchers", who are: Otis T. Wingo, Arkansas; Frank Clark, Florida; Frank Buchanan, and Clyde H. Taverner, Illinois; Walter L. Hensley, Missouri; Meyer London, New York; Claude Kitchen, Robert Page, Robert Daughton, and Edwin Webb, of North Carolina; Isaac Sherwood and William Gordon, of Ohio; Warren Worth Bailey, of Pennsylvania; J. H. Davis, Martin Dies, and Oscar Callaway, of Texas, and Edward Saunders, of Virginia.

"500" Party.

Mrs. John N. Minnich delightfully entertained at a "500" party at her home on Juliana Heights, last Friday afternoon. Six tables were in play. Delicious refreshments were served and were accompanied by favors appropriate to Washington's birthday. Those present were: Mrs. L. D. Blackwelder, Mrs. Ira Long, Mrs. Chas. R. Mook, Mrs. Arthur Russell, Mrs. Fred Sammel, Mrs. Ira J. Powell, Mrs. Bert Cessna, Mrs. Clyde Cessna, Mrs. Geo. Farber, Miss Maude Cessna, Mrs. H. C. Robinson, Mrs. Frank McLaughlin, Mrs. Helen Middleton, Miss Grace Hartley, Miss Grace Stewart, Mrs. William Weisel, Mrs. S. A. Cessna, Mrs. Roy Cessna, Mrs. Harry Brightbill, Mrs. John Clark, Miss Fannie Enfield, Mrs. John Dull, Mrs. P. N. Risser, Mrs. Wm. Brice, Jr.

Bedford M. E. Church

G. W. Faus, Pastor

Next Sunday, February 27, will be observed as MEN'S DAY in this church, the purpose being to secure the largest possible attendance of the men of the congregation for the various services of the day. A large men's chorus will lead the singing for the morning and evening services. The pastor will preach at 11 a. m., on the subject, "Doubly Profitable," and at 7:30 p. m., "A Message for Men to Think About." There will be special features in the Sunday School at 9:45 a. m. and also in the Epworth League at 6:30 p. m. women are not excluded, but the men are especially included in all of these services.

Friend's Cove Reformed Church

Walter C. Pugh, Pastor.

Sunday, February 27.—Trinity, Sunday School 9:30 a. m., and Divine Worship 10:30 a. m. Zion, Sunday School 9:30 a. m., and Divine Worship 2:30 p. m. Cove, Sunday School 9:30 a. m. Saturday, February 26, a musical and literary entertainment at Chesapeake Hall. 3 p. m. Many of the readings and solos will be illustrated with the stereopticon. Come and enjoy a good laugh. Admission, 10 cents.

Wedding Anniversary.

Last Thursday, February 17, Mr. and Mrs. George W. Lutz celebrated their forty-second wedding anniversary by giving a dinner to a few of their friends and neighbors. The dinner was "fit for a king" such as Mrs. Lutz is able to prepare. They are good neighbors, always willing to help anyone in need of help and are among the best citizens of the Cove. The day was spent pleasantly, all leaving in the evening wishing Mr. and Mrs. Lutz many more years of health and prosperity. Those present were: Mrs. S. F. Diehl, Mrs. Elias Corle, Mrs. A. J. Diehl, Mrs. Hubert Beagle, Mr. and Mrs. Clayton Smith, Mr. and Mrs. W. F. Biddle and Mrs. S. M. Diehl and daughter, Ella.

One who was there

Bingham-Williams.

On Tuesday, February 22, 1916, Mr. Edward F. Bingham and Miss J. Elizabeth Williams, both of Everett, Pa., were married by Rev. A. B. Miller at the Lutheran parsonage, 527 S. Richard Street, Bedford, Pa. May their married life be as pleasant as was their wedding day, and may their children be as noble as was he on whose birthday they were married, is the wish of their friends.

Resolutions of Respect.

"Oddfellowship!" Working in manhood's prime and ardent youth in that sublimest, most ennobling strife

To show for man, best Friendship, Love and Truth.

In memory of Samuel Taylor Diehl, who died February 7th, 1916.

So let him sleep that dreamless sleep, our sorrows clustering round his head:

Be comforted, ye loved who weep, he lives with God—he is not dead.

Once again death hath summoned a Brother Odd Fellow, and the golden gateway to the Eternal City has opened to welcome him in his home. He has completed his mark in the ministration to the wants of the afflicted, in shedding light into darkened souls and in bringing joy into the places of misery, and as his reward has received the plaudit, "well done", from the Supreme Master.

And Whereas, The all wise and merciful Father has called our beloved and respected Brother home.

And Whereas, He having been a true and faithful brother of our

Mystic Order therefore be it Resolved, That Rainsburg Lodge, No. 730 I. O. O. F., of Rainsburg, in testimony of her loss, tenders to the family of the deceased brother our sincere condolence in this deep affliction, and that a copy of these resolutions be sent to the family.

J. D. JAMES, F. L. REIGHARD, PAUL W. KOONTZ, Committee.

Green be his memory, in the Order's heart

He loved so well, through all his true life's span: Bless'd be his rest, who acted well his part, Who honor'd God in doing good to man.
